INTERNSHIP

Revamp Academy

Project - Villa-booking Website

- Developed a responsive villa booking platform using Tailwind CSS, ensuring a mobile-first approach with optimized layouts for various screen sizes.
- Integrated CDN-hosted images and icons, enhancing loading speed and performance by up to 30%.
- Deployed the project on Vercel, ensuring high availability, scalability, and faster load times.

PROJECTS

Chat-Room Application — *Spring Boot, WebSocket, REST API, HTML, CSS*

A real-time group chat application using Spring Boot and WebSocket to facilitate instant messaging between users, enabling seamless communication and improving user engagement by 60%.

Student Data Management (CRUD operation) — *Spring Boot, React, SQL*

A web application for student data management using Spring Boot, React, and SQL, featuring a CRUD interface (Create, Read, Update, Delete) for managing student records with responsive design.

CERTIFICATES

- **Wipro Java-FullStack-Certification:** Successfully completed training in Java Full-Stack development at Wipro, gaining hands-on experience in backend and frontend technologies.

ACHIEVEMENTS

- **Beeja Academy Client Side - Hackathon | Runner-Up:** Developed a mobile-first blog page with HTML, CSS, Tailwind CSS, and JavaScript, featuring a modern UI, responsive design, and a Firebase-powered login system for secure authentication.
- **TCS ION NQT - IT - 78.19 (OverAll Marks)**
